

Learning Support for Mathematics (LSM) Programme

Briefing for Parents
30 January 2026

Features of LSM Programme

- Provision of support is up to 4 years (P1 to P4) but students' progress is reviewed annually
- Small class size
 - students receive more individual attention from teacher
 - students receive help in specific areas that they are weak in

Features of LSM Programme

- Covers Primary Mathematics syllabus
- Focus on building fundamental Math concepts and skills
- Aims to build students' confidence and positive beliefs about their ability to do Mathematics

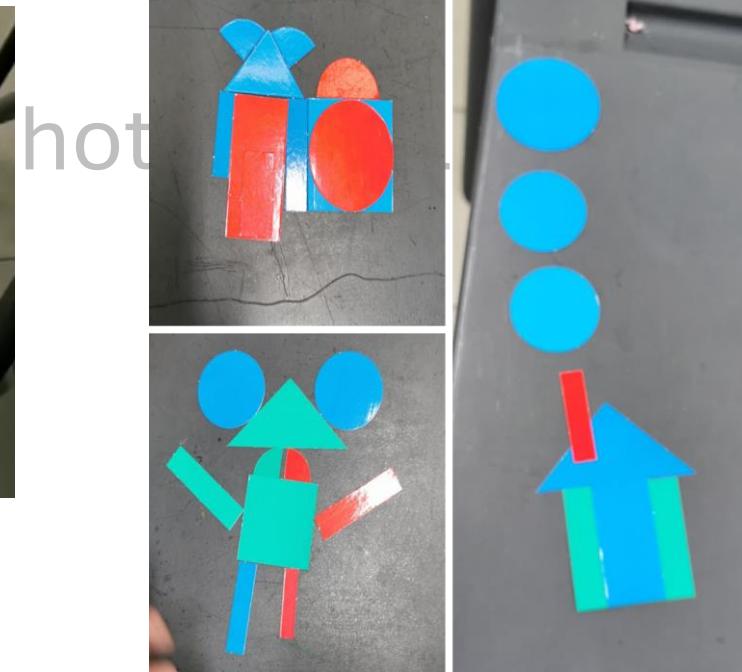

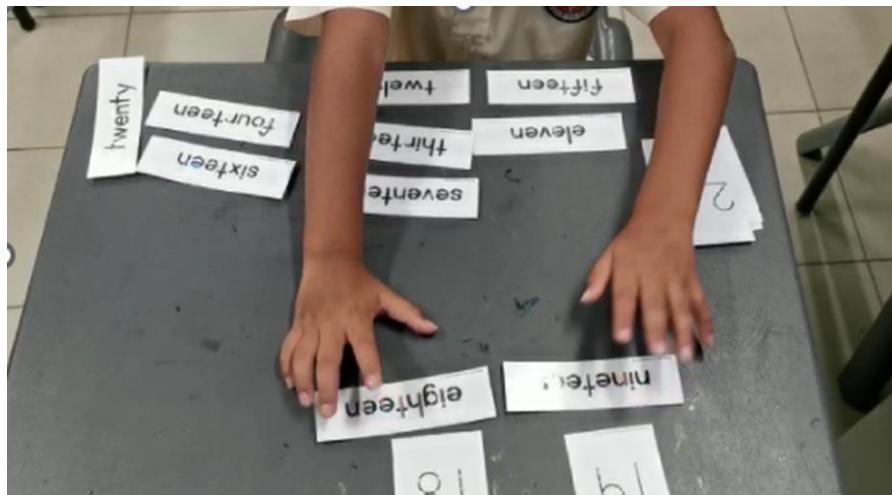

Features of LSM Programme

- Support is given by LSM-trained teachers

LSM Teachers			
P1	P2	P3	P4
1. Mdm Ruziah	1. Mdm Ruziah	1. Mdm Siti	1. Mdm
2. Mrs Wang	2. Mdm Loo	Hawa	Zawiyah
3. Mdm Loo	3. Mdm Subiati	2. Mrs Kam	2. Mdm Liyana
4. Mrs Tng			

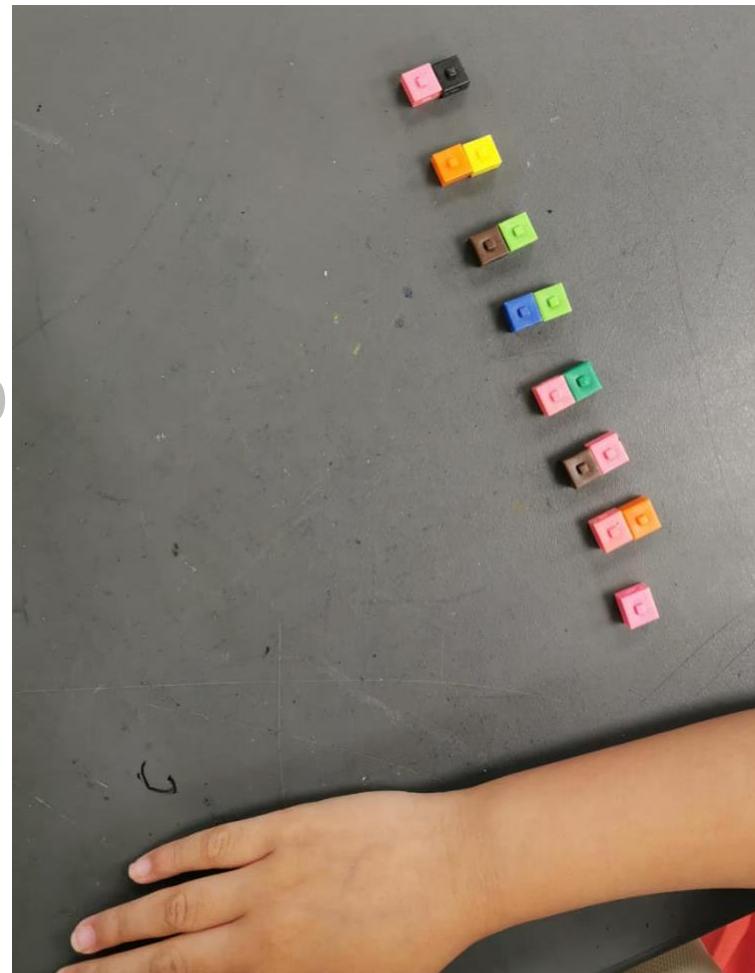

Features of LSM Programme

- Students learnt through varied activities.

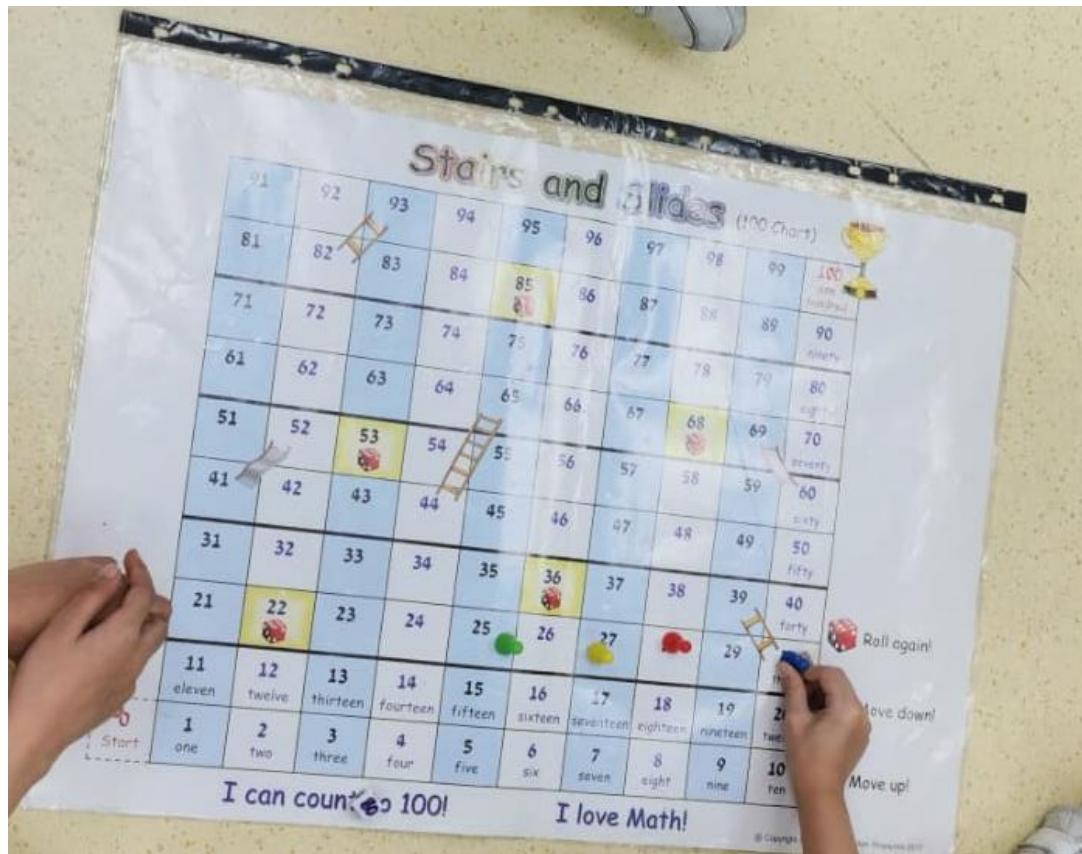

Features of LSM Programme

- Students learnt through varied activities.

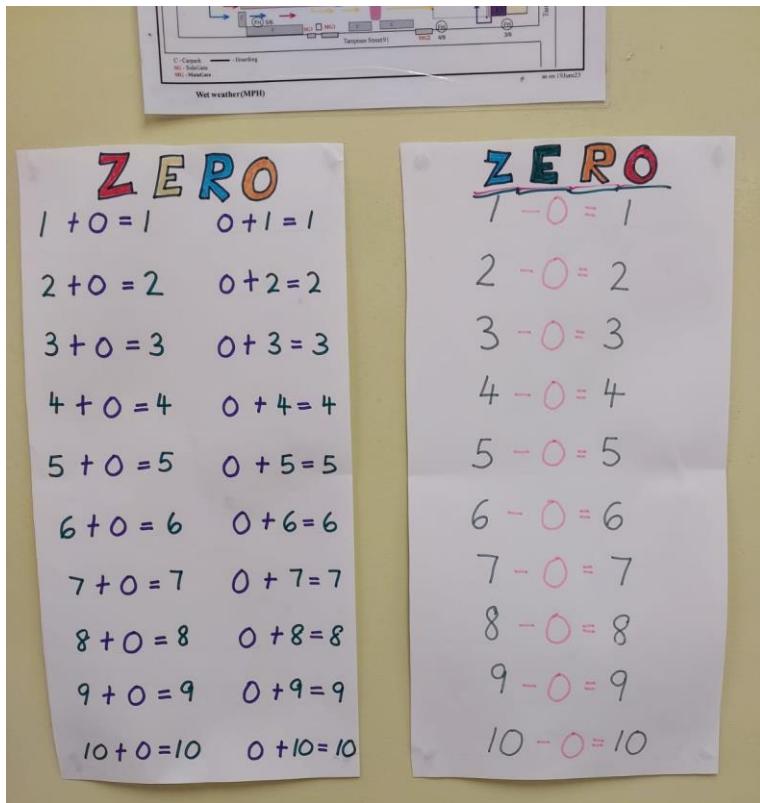

Features of LSM Programme

- Students learnt through varied activities.

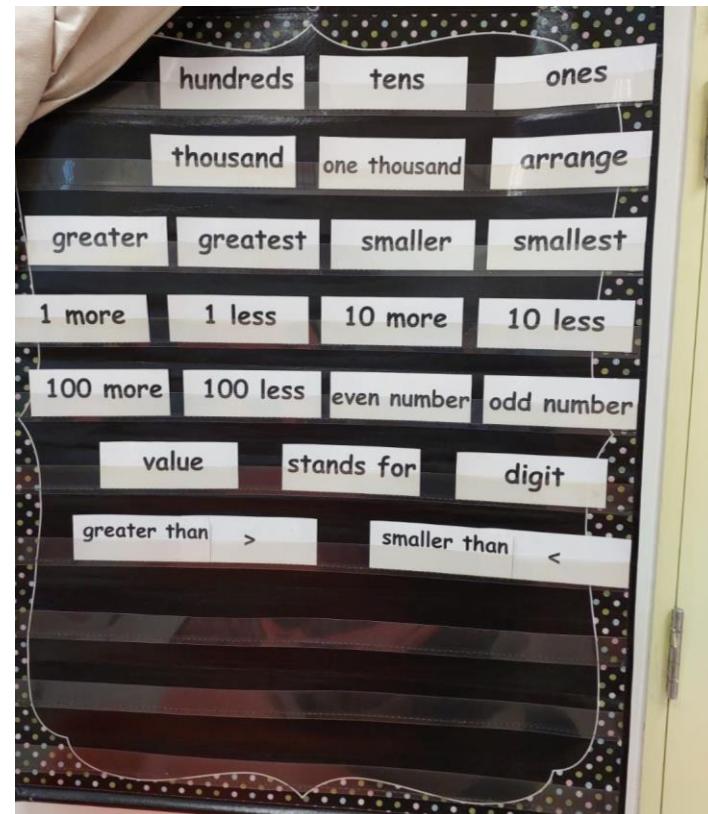

Features of LSM Programme

- Students learnt through varied activities.

Display of basic facts such as adding/ subtracting zero

Math vocabulary words to improve fluency

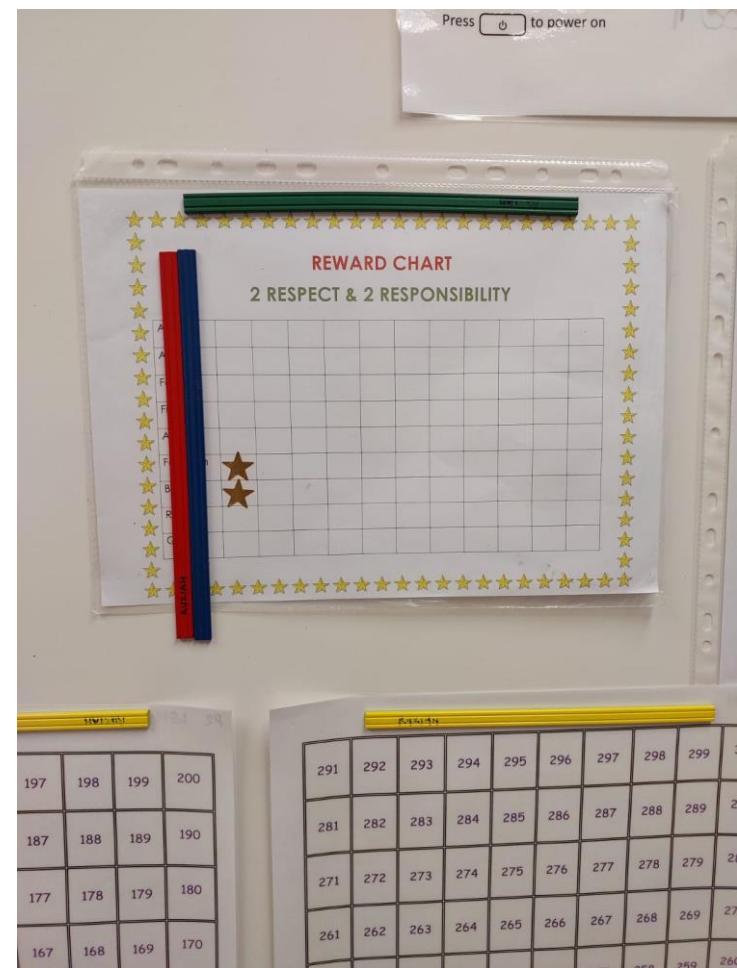

Features of LSM Programme

- Students learn in a conducive environment

Features of LSM Programme

- Students learn in a conducive environment

Features of LSM Programme

- Full withdrawal mode
- LSM students are taken out of their regular classes during their Math period and taught in smaller classes

Additional Support

In addition, your child will have the opportunity to work closely with the teacher in:

- SLS
- Koobits
- HOMELINK (Maths Pack)

Mode of Communication

- Communication between parents and LSM teacher e.g. Parent-Teacher Meeting, phone calls, Student Diary, emails & Class Dojo.

Your Child's Progress

How often do parents get information/feedback from school on their child's progress?

- Topical Practices (parents to sign child's work after every topic and file once a term)
- Parent Teacher Meeting

Supporting Your Child

Our partnership with you

What Can **YOU** Do

Be involved in your child's learning in school and at home

Do...

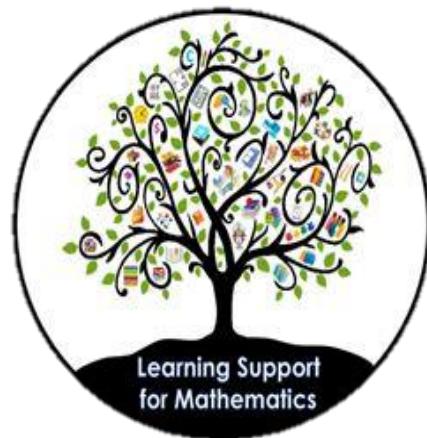

Ask : ask about their lessons and encourage them

Revise : support your child in his/her revision
including completion of homework (Worksheet + SLS etc)

Ensure : your child attends school regularly

Learning Support in Mathematics (LSM)

FAQ

FAQ 1

Must my child attend LSM lessons?

- It is highly recommended that your child attends LSM lessons.
- It is important to lay a good foundation for learning Mathematics.

FAQ 2

Will my child enjoy LSM lessons?

Many students in LSM programme have shared that they enjoy LSM lessons due to:

- the variety of hands-on activities
- more teacher attention
- more opportunities for experiences of success

FAQ 3

Will my child be learning the same thing as other students in the mainstream?

Yes.

The same Math topics will be covered and the same learning outcomes will be achieved.

In addition, the lessons will be tailored to suit the needs of your child's learning needs.

FAQ 4

What will my child gain at the end of LSM programme?

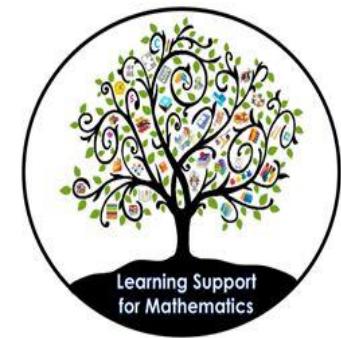

Your child will improve in their fundamental Math concepts and skills. A good foundation in these skills will help your child learn better as they progress to higher levels. Experiencing gradual success will build confidence.

FAQ 5

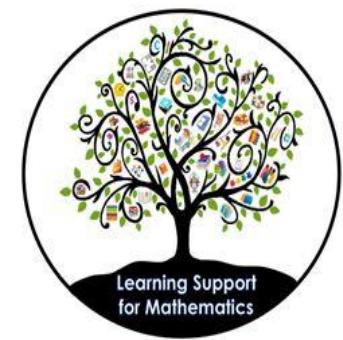

What assessments or observations led to his selection?

Is this a temporary support or long-term?

- Students sat for a group-screening exercise.
- student's progress is reviewed at the end of each year and if the student has made sufficient progress and the school is confident that the student is able to cope in mainstream class, the student will return to the mainstream class the following year.

Q & A

Thank You!
